

APP-200X

Safe for use on aluminum and ferrous metals

APP-200X is a highly concentrated Aluminum Safe detergent with exceptional cleaning capability to remove heavy grease and oil build up on parts made of aluminum or ferrous metals. It contains corrosion inhibitors to protect parts and machine from flash rusting. New de-foamer is effective in controlling foam in the sump tank and does not leave a residue that would interfere with additional parts processes like painting or plating. May not be suitable for brass or copper parts.

BENEFITS

NON-CAUSTIC

- Protects your parts washer.

SAFE FOR ALUMINUM

- Cuts heavy-duty dirt and grease without harming aluminum. May not be compatible with some soft metals such as brass and copper.
For cleaning any soft metals, use SMP-1000 detergent.

VERSATILE

- Extra load of softening agents so it works well in hard or soft water. Cleans ferrous and aluminum parts.

FAST ACTING

- Hot water activated formula.

COMPETITIVELY PRICED

- Excellent value and economical cost per gallon.

CORROSION INHIBITORS

- Extra inhibitors provide added protection against flash rusting.

NO-FOAM, QUICK RELEASE

- Non-foaming, quick-release surfactants insures performance and oil separation for skimming.

BEST TO REMOVE

- Oil & Grease
- Burnt Hydrocarbons
- Scale
- Varnish
- Carbon
- Mastic
- Rubber

APPLICATIONS INCLUDE

- Diesel Engines
- Aerospace Components
- Aluminum Automobile Engine Parts

DETERGENTS EXTEND YOUR WARRANTY

- The 90-day labor warranty for all Cuda Kärcher Group parts washers is automatically extended to a 1-year labor warranty with exclusive use of our solvent free detergents. Our parts washers are also covered by a 1-year parts warranty.

Product Information

	Part No.	Size	Ship Wt
APP-200X All Purpose Powder X-TRA	8.698-243.0	40 lbs	42 lbs
	8.698-244.0	100 lbs	115 lbs
	8.698-245.0	400 lbs	415 lbs
	9.807-940.0	Pallet 36 x 40-lb Pails	1,550 lbs

Parts washers are an essential piece of equipment in the commercial and industrial manufacturing industry. They remove grit, oil and abrasive dust that may be left over from manufacturing which threatens the integrity of any coating or further treatment.

Utilization of an automatic parts washer will save time, money and manpower as well as ensure the excellence of the finished product.

Cuda Kärcher Group detergents contain advanced formulas engineered specifically for use in aqueous parts washers. There are Cuda products for both automatic and manual parts washers. The Cuda advanced formulas include an exclusive multi-metal corrosion inhibitor package for rust-protection of all wetted surfaces.

The 90-day labor warranty for all Cuda Kärcher Group parts washers is automatically extended to a 1-year labor warranty with exclusive use of our solvent free detergents. Our parts washers are also covered by a 1-year parts warranty.

APP-200X Technical Data

Formulation:	An extra-strength, high-but buffered-alkaline blend designed for maximum performance in soak tanks and automatic parts washers. Non-caustic detergent for ferrous and aluminum parts.	
Biodegradability:	Fully biodegradable and contains no caustic soda (sodium hydroxide)	
pH at 4 oz in 1 gal:	12.2	
Foaming Action:	Non-foaming	
Water Conditioning for Hard Water (TDS):	Yes - High tolerance for hard water	
Dilution Ratio:	1/2 - 2 oz per gallon	
Color:	White	
Scent:	Sweet	
Corrosion:	APP-200X contains a corrosion inhibitor to protect against corrosion and flash rusting	
Product Safety:	Personal Protective Equipment	B
	HMIS Safety Rating: Health	2
	HMIS Safety Rating: Flammability	1
	HMIS Safety Rating: Reactivity	0
	OSHA / WHMIS / GHS compliant Safety Data Sheet (SDS) available	
Smog & Ozone:	This product does not contain photochemically reactive ingredients that contribute to smog problems or attack the Earth's ozone layer	
Containers:	Available in 40 lb, 100 lb and 400 lb containers. Pallet pricing available.
