

Vapor Corrosion Inhibitor

North America's #1 Name in High-Pressure Cleaning Equipment

Concentrated Biodegradable Corrosion Inhibitor for Aqueous Parts Washers

All Purpose

Special Features:

A rust and corrosion inhibitor designed to prevent rust and corrosion on the internal surfaces of aqueous parts washers. Because of the unique formulation, the rust and corrosion inhibitor is also carried in the water vapor. This provides enhanced rust and corrosion protection on the aqueous parts washer and prevents flash rusting on the cleaned metal parts that normally rust if left in the basket of a hot parts washer.

Highly concentrated

- A little goes a long way
- Dilution ratio: 0.5 - 2.0 ozs. / week

Competitively priced

- Excellent value for cost
- Economical cost per gallon

High-quality detergents

- Specially designed for aqueous parts washers
- Designed for high temperature cleaning

Safety approvals & registration

- Rocky Mountain registered
- Chemtrec registered

Hotsy's exclusive Continuous Clean Additive (HCC)

- Protects your pressure washer

Excellent service

- 160 North American Service Centers
- Expert chemist support

Biodegradable

- Safe for the environment

■ Biodegradable

■ Kosher Approved

Vapor Corrosion Inhibitor Concentrated Biodegradable Corrosion Inhibitor

■ Qty. 4, 1-Gallon Containers P/N 8.905-168.0

■ 5-Gallon Pails P/N 8.905-169.0

■ 55-Gal Drums P/N 8.905-170.0

RECOMMENDED USES:

- Aqueous Parts Washers
- Soak Tanks
- Rinse Water
- Ultrasonic Cleaning

Bulk Pak for Cost Savings

Ask your Hotsy Distributor how you can arrange to have your Hotsy Detergent supplied on a regular monthly schedule, pumped into your own HOTSY BULK PAK container, that's plumbed directly to your pressure washers. It's convenient, dependable, clean and efficient.

SAVE TIME, by having a regular monthly service call! SAVE MONEY with our low bulk rates! SAVE the INCONVENIENCE of disposing of empty 55-gallon drums.

Spend some time with a Hotsy Expert

Hotsy has more than 160 local distributors in North America, all factory-trained to properly evaluate your high-pressure cleaning needs.

Over 80% of Hotsy's distributors have been supporting Hotsy systems for more than 20 years.

Your local Hotsy dealer will recommend the best detergent to solve your toughest cleaning problem.

VAPOR CORROSION INHIBITOR Specifications

Formulation: A rust and corrosion inhibitor designed to prevent rust and corrosion on the internal surfaces of aqueous parts washers. Because of the unique formulation, the rust and corrosion inhibitor is also carried in the water vapor. This provides enhanced rust and corrosion protection on the aqueous parts washer and prevents flash rusting on the cleaned metal parts that normally rust if left in the basket of a hot parts washer.

% of Active Ingredients: 18%

Biodegradability: Vapor Corrosion Inhibitor is fully biodegradable and contains no caustic soda (sodium hydroxide).

pH at 5% Solution: 9.3 - 10.0

Foaming Action: Non-foaming

Reaction in Hard Water (TDS): Best

Dilution Ratio: 0.5-2.0 ozs. / week

Color: Straw

Scents: None

Exclusive Hotsy Additives

Advanced Formula HCC: "Continuous Clean Additives" help to prevent and remove scale build-up in coils, pumps, valves and fittings of pressure washers and steam cleaners.

Corrosion: Vapor Corrosion Inhibitor protects metal surfaces long after washing is completed, giving your equipment protection that can last until it's next use.

Product Analysis: Kosher Approved.

Product Safety: An OSHA Material Safety Data Sheet is available and is listed with the Rocky Mountain Poison Control Center 303-623-5716. For emergency spills call CHEMTREC 1-800-424-9300, outside US call 703-527-3887.

Product Liability: Certificate of Insurance available upon request.

Damage Certification: This product will NOT damage parts washers or related products.

Smog & Ozone: This product does not contain photochemically reactive ingredients that contribute to smog problems or attack the earth's ozone layer.

Containers: Available in cases of 4, 1-Gal. Bottles, 5-Gallon Pails and 55-Gallon Drums.
